## Nighttime Full Directional Freeway Closures Scheduled for Interstate 15 in Victorville

VICTORVILLE, CA – San Bernardino Associated Governments (SANBAG), in coordination with the California Department of Transportation and the City of Victorville, will require full directional nighttime closures of Interstate 15 (I-15) in the city of Victorville to allow crews to erect bridge falsework for the La Mesa/Nisqualli Interchange Project. Northbound I-15 is scheduled to close on Monday, July 23 and Tuesday, July 24, while southbound I-15 is scheduled for Wednesday, July 25 and Thursday, July 26. Closure hours for the construction of this temporary bridge support system are indicated in the chart below. **All schedules are weather permitting.**

The La Mesa/Nisqualli Project broke ground in January 2012 and will continue through summer 2013. The project will add a new interchange to I-15 between the heavily-used Bear Valley Road and Palmdale Road interchanges. In addition, the project will realign frontage roads, add soundwalls, improve drainage systems, and upgrade the existing storm water channel on the west side of the freeway.

SANBAG and the City of Victorville are partners in delivering this much-needed project to the Victorville area. The new interchange will relieve traffic congestion on local streets by providing a new east/west alternative for local residents and commuters, as well as improve overall operation of Interstate 15 through the corridor. Motorists are encouraged to “Slow for the Cone Zone” while traveling through the construction area.

Location	Days*	Hours	Detour
Northbound I-15 btwn US 395 and Palmdale Road (SR 18)	Monday, July 23 Tuesday, July 24	9:30 pm – 6:00 am	Use 395 north to Palmdale Road (turn right), return to northbound I-15
Southbound I-15 btwn SR 18 (Palmdale Rd) and Bear Valley	Wednesday, July 25 Thursday, July 26	7:30 pm – 4:00 am	Use Palmdale Rd (west) to US 395 (turn left), proceed to southbound I-15

\* Weather permitting, check [www.sanbag.ca.gov/projects](http://www.sanbag.ca.gov/projects) for up-to-date info at time of travel.
